

# 2<sup>nd</sup> Offshore Investment Summit

14 April 2010, Melbourne

## Asian investment opportunities for superannuation funds and other leading Australian institutional investors

### Event description:

AsianInvestor magazine is pleased to announce the 2nd annual Asian Investment Summit in Melbourne presenting Australia's superannuation funds and institutions with an opportunity to hear first hand from leading Asian asset managers and other industry participants. Experts in both the traditional and alternative arenas will be presenting.

### Topics/sessions that will be covered:

- The economic outlook for key regions for Asia
- Where are the offshore investment opportunities for superannuation funds?
- Governance and regulatory issues relating to investing offshore
- China and India - economic and investment overview
- Alternative investments - the appetite of institutional investors for private equity, real estate, infrastructure and hedge funds
- Climate change issues for investors
- Asian distressed debt as an asset class
- ETF's - passive v active
- Asset liquidity and transition management
- Commodity investment - Is it the right choice?
- Foreign exchange market - Dollars v RMB v others
